

## RIPLEY TALKS

After Being on the Stand Five Hours He Concluded His Evidence

### VINDICATES GOV. TAYLOR

Never at Anytime Heard Him Make the Statements Alleged—Case Closes Today.

### JURY GETS THE CASE TOMORROW

Frankfort, Ky., April 16.—Captain Garnett Ripley concluded his testimony at 11 o'clock this morning, after having been on the stand for five hours.

In the prosecution today the prosecution sought to make him say that he told J. B. Matthews that he, Ripley, knew enough to clear Powers. He declared he did not remember ever saying anything of the kind, but that he probably told Matthews about seeing Yontsey leave Taylor's office on the morning of January 29.

Captain Ripley said that was all he knew that could tend to help Powers. It is thought that all the evidence will be in this afternoon.

Arguments are expected to begin in the morning.

Attorney Ben Williams and Commonwealth's Attorney Franklin will make the argument on the side of the commonwealth, and Attorney O'Neal and either Attorney Major or Johnson will present the case of the defense. The jury will receive the case Wednesday afternoon.

Among other things stated by Captain Ripley in his testimony yesterday were, first in response to a question as to when he met Gov. W. S. Taylor and what took place:

"It was on the sixteenth day of January, 1900. I remember the day because the killing of Scott by Colson and that W. J. Bryan was to speak at a banquet here. Several boys came with me for the purpose of getting up a military company at our home. We called to see Gov. Taylor and he referred us to the adjutant general. I went home that afternoon."

"When were you again in Frankfort?"

"On Monday, January 29. I went into Taylor's office. He stood leaning on the fireplace looking badly. I expressed sorrow at his appearance. He remarked that these were terrible times, and said that some irresponsible crank might kill Goebel and himself. I referred to the object of my visit, the getting of equipment for my company, and he responded: 'My God, haven't you gotten your company here, or your company ready yet?' I left him and went home that afternoon."

"Did you see Taylor again that day?"

"Yes sir; I went home on a train leaving here at 8 o'clock in the afternoon, and saw Gov. Taylor and Judge George Denny on that train."

"What, if any, conversation did you or any of your party have with Taylor relative to the proper organization of the Henry county company?"

"I talked with Gov. Taylor about the necessity for the consent of the county judge to the formation of a company, and he said that Gov. Bradley had looked into the matter and set a precedent that it was not necessary."

In regard to what Ripley is alleged to have told ex-Gov. Bradley, he said: "Well, sir, I had such a conversation with them, and they told substantially what I told them, I suppose, though what I meant was what I have told here this afternoon. I have but an indistinct recollection of the conversation that they testified to. The

conversation was subsequent to the time Yontsey was pointed out to me. I did not think of the incident of meeting Yontsey coming out of the executive office until it began to be generally talked about that Yontsey was charged with connection with the murder."

Mentioning those named in the indictments returned, the attorney asked, "Did you conspire with these men to murder Senator Goebel?"

"No, sir; I did not."

"Did you have any knowledge of a plot upon the part of these men or of any other to commit such a crime?"

"No sir; I did not."

"There is the witness," said Attorney O'Neal to the commonwealth.

"Wait a moment," said Ripley. "I forgot to state that I met Caleb Powers ten days after the shooting in the camp at Frankfort."

### FIRE DRILLS.

#### SCHOOL CHILDREN TO BE PRACTICED IN THE ART OF

Leaving Buildings in Order—An Innovation Contemplated By Supt. Hatfield—Sickness Among the Pupils.

Superintendent Hatfield, of the public schools, has a fire drill feature he will soon introduce into the schools here and thinks it will be a success, as well as an innovation.

In the northeast fire drill is one of the features of the school work and is practiced every day. The pupils will be practiced and drilled to leave the building, in case an alarm of fire should be turned in, in perfect order. Alarm bells will shortly be placed in the buildings and alarms turned in occasionally to show the result of the work. Prof. Hatfield is a firm believer in the project, as he stated this morning and as the expense is much lighter than the iron fire escapes he thinks he will have no trouble in securing the necessary material for the alarm bells.

There is a marked increase of sickness in the schools lately. Yesterday ten pupils were absent from the tenth grade which is a very unusual occurrence. "There is an increase in sickness in all the schools," remarked Supt. Hatfield, "and I cannot account for it. It may be the spring fever but I hardly care to believe that way."

### IMPRESSIVE CEREMONIES.

#### DELEGATES RETURN FROM THE KNIGHTS OF COLUMBUS INSTITUTION AT EVANSVILLE.

Messrs. J. J. Dorian, J. T. Donovan and F. M. Fisher returned last night from Evansville, where they attended the Knights of Columbus institution of Evansville council No. 565, Knights of Columbus.

There were 100 visiting knights representing five states, and the impressive ceremonies were followed by a magnificent banquet at St. George Hotel, with covers laid for 300.

The hospitality of the Evansville people was unbounded, and the visitors were much impressed with it.

### THE WEATHER.

Rain tonight warmer in east portion. Wednesday rain, colder in west portion.

### MR. LEISNER'S CONDITION.

## LEADING OFFICIALS

Supt. H. U. Wallace and Other Illinois Central Officials in the City.

### LEAVE ON A SPECIAL TRAIN

Reported That Former Supt. Marahan is to Succeed Chief Engineer Sloan, at Chicago.

### PREPARATIONS FOR THE DIRECTORS

Mr. H. U. Wallace, the lately appointed superintendent of the Louisville division of the Illinois Central railroad, is in the city. He arrived last night from Louisville, accompanied by Assistant Superintendent H. R. Dill, of the Evansville district, who has been acting superintendent and Roadmaster Downs. They will all leave on a special train tomorrow morning at 7 o'clock for an inspection tour of the Louisville division.

Superintendent Wallace's rise has been very rapid. Five years ago he graduated from college and entered the railroad service. He has held several important and responsible positions, among them office of roadmaster of the present division, assistant superintendent of the Evansville district and superintendent of the Freeport division.

He is a son of General Manager J. F. Wallace.

Mr. W. J. Marahan will pass through Paducah tomorrow from New Orleans en route to Chicago. It is rumored that he will succeed David Sloan as chief engineer with headquarters at Chicago. There will be many more changes made but it is not known exactly what they will be. May 1 ends the fiscal year of the Illinois Central and the officials will endeavor to have all changes completed by that time in order to enter the new year as smoothly as possible.

The walls of the dispatcher's office have been scoured and the tracks are cleaned from leaves and other trash. Trainmaster Banks will endeavor to have all completed when President Sturges and Fish and the board of directors arrive. He is having the union depot and dispatcher's office cleaned up so as to have his territory make the best appearance of any other portion of the whole system.

The president and board of directors probably will be here the latter part of the week.

Dick Hampton, a colored employee of the Illinois Central, was injured at the freight depot yesterday. His right leg was painfully cut and bruised but his injuries are not serious.

Mr. A. T. Sabin, who has had charge of Illinois Central improvements at Fulton and other places, below was in the city last evening. He was formerly roadmaster of the Louisville division.

Mr. Louis Hollis has resigned at the Illinois Central freight house and accepted a position traveling for the Sutherland Medicine Co.

### DYING CONDITION.

#### MR. WILL M. BAKER RECEIVES SAD NEWS FROM MAYFIELD.

Mr. Will M. Baker, bartender at Rodfus' saloon, this morning received a telegram stating that his venerable mother, Mrs. Sarah Baker, who was stricken by paralysis, was in a dying condition.

Mr. Baker leaves at 4:30 this evening to be at her bedside.

### WINFREY'S WOUNDS.

THE BULLET CANNOT BE LOCATED—SHOT BY OFFICER ROGERS.

The condition of Albert Winfrey is unimproved today. The bullet has not yet been located and City Physician Sanders says the bullet must have struck a process vertebra and deflected, and in such a case the bullet's location can hardly be determined. The doctor spent the greater part of the day yesterday probing for the ball.

Officer Will Rogers, who yesterday morning stated to two reporters on different papers that he did not shoot and heard none, afterwards admitted to Mayor Lang that he shot in the air to frighten a negro who got off the train and ran. No charge has been preferred against the officer, as the shooting was doubtless accidental.

## METROPOLIS IS LIVELY

### THIS IS ELECTION DAY AND THEY HAVE SMALL-POX BESIDES.

Six Cases Said to Have Resulted From a Rummage Sale Last Week.

Excitement runs high in Metropolis today. Besides six cases of smallpox it is election day. Last night everything was free. The numerous candidates gave free lunch and free drinks.

The smallpox in Metropolis is increasing and the inhabitants are very much alarmed.

Several days ago one of the churches there conducted a "rummage sale," in which a lot of cast-off clothing was sold. It has developed that part of the clothing was infected with smallpox germs. Owing to the fact that many of the citizens attended and assisted in the sale, much alarm resulted.

There are now five cases among the colored and one among the white residents of the town. A member of the Starks family has taken the dreaded disease, but this is the only case among the white citizens.

Mr. and Mrs. Will Hudson are parents of a fine girl baby, born last night.

Mr. and Mrs. Harry Livingston are parents of a girl baby, born last night.

### MURDEROUS ASSAULT.

Jailor Kivel, at Eddyville, was yesterday the victim of a murderous assault from two prisoners.

One was named Chas. Day and the other Dailley.

In some way they broke jail and got possession of the jailer's pistol, shooting him in the arm.

They then knocked him down, and perhaps fatally injured him, by flinging ugly wounds on his head.

One of the prisoners escaped, but the other was captured. Today Jailor Kivel was reported very low.

J. L. Webb and other trustees of the Methodist church sold to Samuel T. Hubbard, property on the north side of Monroe street between Tenth and Eleventh streets for \$700. This is the plot bought to erect a parsonage for Presiding Elder H. B. Johnston, but a more desirable location was found and the sale of the other made necessary.

Forty-two acres of ground in the county was sold to W. W. Ivey by J. H. Allcock for \$650.

### POLICE COURT.

The grand larceny case against Mose Bottomlee, of Livingston county, charged with stealing \$30 from C. P. Guess, was finished in Judge Sanders' court this morning and the defendant acquitted.

Two weeks ago Guess swore out the warrant, charging that while eight miles up the Tennessee river, getting out ties, he went into the boat house of Bottom and struck a match to light a cigarette. Shortly afterwards, having occasion to again feel in his pocket, he missed his wallet and returned to the shantyboat expecting to find it there. He asked the wife of Bottomlee where her husband was, and she said he had left for a rabbit hunt. He failed to show up, resulting in Guess tracing him to the city.

Bottomlee proved where he got the

money he spent, and there was no evidence against him.

Walter Lindsey and Reta McGuire were tried for a breach of ordinance and fined \$10 and \$3 respectively. Lindsey, for maliciously cutting the woman, was dismissed.

Mack Edwards and Ella Shirley, colored, were fined \$20 for immorality. Ed Henley was fined \$1 for a plain drunk.

Everybody wants to attain to conspicuous and shining virtues, but very few seek after the lowly graces, the humble and sweet herbs, which grow beneath the shadows of the Life-Giving Tree.—St. Francis De Sales.

\*\*\*\*\*

The young man who claims a policeman shot him is doubtless addicted to dreams. Who'd ever believe a policeman hit anything he shot at?

\*\*\*\*\*

The Sun does not agree with the mayor about keeping the proceedings of the board of health a secret, there is no way to abolish things detrimental that acts as well as publicity.

While there are times that acts of public officials might be made star chamber affairs they are very rare and should be few. Public officials are but the representatives of the public, they are a few representing the many, and their acts when subjected to the scrutiny of the many are always more circumspect.

\*\*\*\*\*

The Elks carnival promises to be the biggest entertainment Paducah ever had, and will doubtless be liberally patronized by people at home as well as the thousands of people who will come from other cities. It will be a great and lasting benefit to Paducah, and will show that her citizens can be successful in what they undertake, no matter how large and important, it may be. It behooves every good citizen to lend his aid and influence towards making the carnival a credit to the city.

According to reports the Boers have decided to fit out privateers and prey on the English transports that are used to handle the mules bought in this country and shipped from New Orleans. It is not known who is backing them, but the general supposition is that the Boers have friends who will furnish the money for fitting out the privateers. This step was decided on, it is alleged, after the injunction suit to restrain the British from shipping more mules out of New Orleans was dismissed in the New Orleans court.

\*\*\*\*\*

The clamor for the return of Gov. W. S. Taylor to Kentucky to be jailed without bond and probably convicted by a made-to-order political jury of a crime of which he is not guilty, will in all probability receive the defeat it deserves. The trial of Capt. Garnett Ripley has developed no new facts in the Goebel murder, and there is no more reason now why Gov. Taylor should be given over to Democratic injustice than there was a year ago. The commonwealth has established nothing new, and Capt. Ripley denies that Gov. Taylor ever made the statements he is alleged to have told Gov. Bradley and Judge Yost that he made. Gov. Taylor says he never uttered such words, and Capt. Ripley corroborates him. Where is the man who can testify that he did make them?

\*\*\*\*\*

Over in Korea they have a very quick, businesslike way of doing things. The other day in Seoul, the capital city, the government beheaded Kim Yung Chun for plotting to run in a rank outsider as heir to the throne, displacing the prince imperial, son of the murdered queen. The two factions are known as the Kim and Min factions, and when the plot was disclosed a fight ensued. The Min faction was victorious, and the leader of the Kim faction promptly beheaded. The dead man's friends appeared in such overwhelming numbers that the tide of battle was turned and the doughty Min caught and banished for fifteen years. Enough of the cabinet ministers resigned to precipitate a cabinet crisis, and several prominent officers were arrested for conspiracy. The latest advice is that "the crisis continues."

\*\*\*\*\*

It is announced in dispatches from Washington that the abolition of the army canteen has alarmingly increased drunkenness and riotous conduct among the private soldiers. The information that comes to the war department from all over the country bears out the assertion, although there are not enough official reports in to show by statistics the increased number of court martials, that the effect of the anti-canteen law is just what it was claimed all along it would be by people in a position to know, and just the opposite of what it was intended to be. In Washington since the anti-canteen law went into effect several new saloons have opened near Fort Meyer and there has been a decided increase in the number of saloons in the village of Phoenix, Va., adjoining the military reservation on which Fort Monroe is located. Officers say that if the soldiers would confine themselves to light drinks in these saloons the evil would not be so great, but instead of drinking the light beers and wines such as were sold in the post canteens they drink cheap whisky and other heavy drinks, and are led into gambling games and other forms of vice which would not exist within the limits of a military post. All this, says the dispatch, is directly contrary to the experience when the canteen was first put into operation.

\*\*\*\*\*

OUR SEWERAGE SYSTEM.

Paducah's system of sanitary sewerage is one of the best in the United States. Mayor Lang was opposed to it when he went into office, and now is one of its most enthusiastic advocates. It has been in use for over two years—one portion about three years—and has never been cleaned since it was completed. It has never given any trouble whatever since it was finished, and is the only kind of system that should have been constructed in Paducah. It was built under the supervision of one of the finest sanitary engineers in the United States, and as City Engineer Wilcox said yesterday, "there has never been any complaint of the system, and it has given us no trouble. The only stoppages we have had, two or three in all, were caused by foreign bodies such as bricks and bottles, which some one had thrown into the pipes."

\*\*\*\*\*

Thus it is seen that when a newspaper boldly asserts in regard to the sewerage "that it will cost the citizens of Paducah \$100,000 or more to remedy and make adequate the most inefficient sewerage plant ever palmed off by ignorance or incapacity, or worse, on an unsuspecting people," it displays an ignorance that is equalled only by its mendacity. The people of Paducah do not need to be told whether they have a good system of sewerage or not.

\*\*\*\*\*

AN AGREEABLE SURPRISE.

A REPORTER'S VISIT TO PADUCAH'S FURNITURE FACTORY.

\*\*\*\*\*

It was the writer's pleasure to be conducted, by the courtesy of the management, through the Paducah Furniture Manufacturing company's enormous factory, at the corner of Third and Tennessee streets, and after having spent a life time in Paducah my "eyes were opened" and my surprise great at the great strides this firm has made in the manufacture of furniture. Their factory is a model of completeness, employing a regular force of over 100 skilled mechanics. The factory embraces two full city blocks, their warehouse is three stories and 300x60 feet, with river and railroad at its doors, making shipping and receiving facilities unexcelled. They carry a stock of about 4,000,000 feet of lumber on their yards thus insuring at all seasons thoroughly air seasoned lumber to put in their product. Their product is marketed in Kentucky, Tennessee, Illinois, Ohio, Missouri, Arkansas, Texas, Mississippi, Louisiana, Alabama and one large jobbing house in New York exports. This territory is covered by five experienced salesmen who have kept the factory running at night for the past year to fill their orders. Furniture, furniture, furniture! It is made by the car load and to see the output of this factory puts one to thinking where on earth can so much furniture be consumed, though it is and a great deal more as evidenced by the empty warehouses. After a thorough inspection of this prosperous firm's factory, I next visited their enormous salesrooms at 114-116 South Third street, where is constantly kept a superb line of furniture calculated to please the most fastidious or the plainest taste. The hustle and hurry here of the busy salesmen and eager purchasers plainly showed cause for the activity shown in the factory. To me it would seem Paducah should be proud, very proud, of such an institution and show her appreciation at all times by her loyal support. This firm is the life and hope of many a happy household and the cause of "good trade" with many a Paducah merchant. Buyers of furniture, give them a call, help yourselves first, and at the same time help a deserving firm, and last but not least, your beautiful city.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## MAN TO INSPECT

An Ordinance to Be Brought In Creating the Office of Milk and Meat Inspector.

### NEW MARKET HOUSE TALK

Regular Meeting of the Council Held Last Night, With the Usual Routine Business.

### ONLY ONE ORDINANCE WAS PASSED

All the councilmen except Mr. Hyman were at last night's meeting of the city council.

The regular bills were allowed and one ordinance was given first passage. It is for the improvement of Thirtieth street from Broadway to Jefferson, to be completed by June 1.

Sam Liebel's prayer for damages for injury to a horse by stepping through a bridge was referred to the city attorney.

J. L. Jones, after some discussion and a protest from Mr. C. W. Morrison, representing residents, was granted a coffee house license at Eleventh and Burnett streets.

Several deeds to lots in Oak Grove were presented by Chairman Jackson and ratified.

Chairman Bondurant, of the park committee, reported that the Fountain park addition would require 1050 feet of open wire fence with four turn stile gates if enclosed, costing \$160. It was decided to enclose the plot.

In regard to the disinfection of sewers recommended by the board of health, Chairman Smith, of the sewerage committee, read a report referring the board to the ordinance governing the sewerage, which covers the case.

The matter of extending the fountain out Broadway to the new school house and railroad hospital was brought up, but Mayor Lang said the city attorney gave it as his opinion that nothing could be done until Paducah got into cities of the second class, and no action was taken.

Further time was granted the street committee in regard to extending South Ninth street from Husbands up and North Tenth street.

The question of purchasing an aerial ladder truck was referred to the finance and fire committees with power to act.

After the presentation of a petition containing 1030 names, the council sustained Councilman Davis' motion to have brought in an ordinance creating the office and defining the duties and compensation of a milk and meat inspector. The ordinance cannot be effective before June 1, when the new tax levy begins.

The matter of exchanging an alley for right of way for street near the Cross creek fill, was referred to the street committee, Councilman Smith and Mayor Lang.

On motion of Councilman Hannon ordinance committee was instructed to bring in an ordinance for the extension of Trimble street from Fifth to Fourth, which necessitates a fill.

The erection of small houses on the right of way of North Eleventh street was referred to the street committee and engineer.

Mayor Lang was authorized to buy 600 feet of 24-inch pipe for draining Oak Grove and West Trimble street into Perkins creek.

The mayor was authorized to put in a claim of \$20 against the railroad for overcharge on freight on two dynamos. The factory notified him the freight was \$56, while the city had to pay \$76 when the dynamos came.

The placing of lights at Third and Madison, Sixth and Clark and First and Washington was referred to the light and water committee.

The matter of opening an alley between Broadway and Jefferson, Twelfth and Thirteenth, was referred. The Ferguson, Palmer bill of \$150 for extra firemen at the fire some time since was referred.

Mayor Lang recommended a new market house of brick, two stories, the upstairs of which might be used as a town hall for public speaking, etc., the present wooden sheds to be supplanted by one-story brick additions. Councilman Gilson, of the public improvement committee, concurred in the recommendation, and was authorized to ascertain the approximate cost of such a structure.

The council adjourned.

## SERIOUSLY HURT.

W. W. WHITE'S CONDITION FROM A LASHING WORSE THAN WAS THOUGHT.

Reports from Fulton today are that W. W. White, of Newbern, Tenn., the youth so severely whipped there Saturday by a mob with a leather trace, is seriously injured, and may die.

Yesterday's Fulton Leader says that on the train White's condition became so pitiable from the beating that he had to be placed in a car to himself. He began to have spasms and was frenzied at times, imagining in his delirium that a mob was about to hang him. A physician was telegraphed for and boarded the train at McKenzie to relieve him.

## ATTRACTIVE WOMEN.

All women sensibly desire to be attractive. Beauty is the stamp of health because it is the outward manifestation of inner purity. A healthy woman is always attractive, bright and happy. When every drop of blood in the veins is pure a beautiful flush is on the cheek. But when the blood is impure, morose, and bad tempered and a sallow complexion tells the tale of sickness, all too plainly. And women today know there is no beauty without health. Wine of Cardui cures women with beauty and attractiveness by making strong and healthy those organs which make her a woman. Try Wine of Cardui, and in a month your friends will hardly know you.

The tobacco season is over in Fulton, says the Leader. Last week the factories shut down for the season and the staff is off until another season breaks in. ## NEW STEAMBOATS.

President Robert F. Lee, of the Leo line, out of Memphis, has plans for building two steamers at Howard's this year, but as yet the details are not complete. The advance for the work has been made, however, and knowing ones say the sidewheeler, to be named Stacker Lee, for one of the male members of the Memphis family of Lees, will be one of them. President Lee's experience in the construction of fine steamers, all of which

were built at Howard's, gives him an advantage in that line that guarantees the best future results on whatever he may undertake. The outlook now is that there will be a very busy boat building summer in this vicinity, but everything will be constructed of wood.

## CHARGE OF EMBEZZLING

ARMOUR & CO. HAVE A FORMER AGENT WARRANTED.

And Then Ask for a Dismissal—Thought Some Mistake Was Made, and Damage Suit May Follow.

Mr. O. R. Bradford, representing Armour and Co., of South Omaha, Neb., yesterday afternoon went before Judge D. L. Sanders and swore out a warrant against Mr. T. B. Bowman charging him with the embezzlement of \$379.80 alleged to have been collected for the Armour company and converted to his own use.

Last night telegrams were sent to several places in an attempt to locate the defendant, and this morning a telegram was received from Armour and Co., asking for a copy of the affidavits and the warrant.

About noon another telegram was received to dismiss the prosecution at once.

It is thought some mistake has been made and hinted that a damage suit may grow out of the charges preferred.

Mr. Bowman is well and favorably known in Paducah. He always conducted himself as an exemplary young man, and has scores of friends here among the best people. He recently resigned his position with Armour.

It is not known where he is at present.
